ABOUT THIS TRIP

Despite the success of this group, it has always pained me to admit that after 4 years and seeing 5 countries with over 100 travelers we have yet to spend any notable time on the continent whose name we bear. From the very beginning visiting

Africa with this group has always been a top priority for me, but I wanted to first gain the knowledge necessary to organize a trip with the complexities that comes with a trip to our homeland. Thanks to your help and support in following AAT across Europe and most recently Dubai, we are now confident that we can provide you with the trip to Africa that we have all dreamed of!

BUT WHERE IN AFRICA?

If you are at all familiar with AAT, you know one of the many goals that we aim to accomplish with each trip is to go where very few like us have gone, and gain experiences so unique and awe-inspiring that upon your return, you will give off such

a glow that the site of you alone will inspire others around you to want to go out and gain the same experience. In order to satisfy this goal, we have decided to focus our trip at the sight of one of the seven natural wonders of the world and premiere adventure destination, **Victoria Falls in Livingstone, Zambia.**

But Wait! If you are in fact familiar with AAT, you know we also aim to take in as much and gain as many passport from a given area as we can! For that reason, travelers will be given, along with the plethora of activities to choose from in Zambia (white water rafting or bungie jumping anyone?), the option to visit neighboring **Chobe, Botswana** and **Victoria Falls (town), Zimbabwe** on day trips and stay for a 3 day extension in **Johannesburg, South Africa.**

THINGS TO KNOW BEFORE YOU GO

ZAMBIA:

Zambia Passport Requirements

A passport and visa are required to enter Zambia. Your passport must be valid 6 months after the intended date of departure from Zambia and have at least 2 blank pages.

Zambia Visa Requirements

A single entry visa may be obtained at a port of entry for \$50. A multiple entry visa can be purchased for \$80.

Risk of Yellow Fever and Vaccination Requirement

As of February 2015, the World Health Organization (WHO) determined that the risk of contracting yellow fever in Zambia is low. For this reason, you are not required to get a yellow fever vaccine to enter Zambia or into any country visited on this trip.

Departure Tax

Upon departure, each traveler will be required to pay a \$25 departure tax at the airport.

Languages

English is widely spoken in Livingstone

Tipping

For a meal it is customary to leave 10%; for small services such as hotel porters carrying your bags, tip \$1 to \$3.

Safety

Travel in Livingstone and most other major cities in Zambia is generally safe during daylight hours.

Carjacking remains an ongoing problem throughout Zambia, including Livingstone. Drivers are advised to lock their car doors, close their windows, and remain vigilant when entering or exiting a residence.

Travelers using public transportation or visiting high pedestrian traffic areas are advised to be vigilant against robbery and pick-pocketing.

The Number for Emergencies

The local equivalent to the '911' emergency line in Zambia is '999'.

Police/ Ambulance is 991

LGBT Rights

Consensual same-sex sexual relations are criminalized in Zambia, and the law provides penalties of 15 years to life imprisonment. Although, in general, non-Zambians have not been targeted for LGBT activities, the political and cultural environment is hostile towards LGBT persons.

Accessibility

While in Zambia, individuals with disabilities may find accessibility and accommodations very difficult. If you are someone who has special needs, please let us know in advance so we can make the necessary accommodations.

Currency

The local currency in Zambia is the Kwacha. Check with you back for the most up to date exchange rate as it fluctuates regularly.

ATMS

ATMS are available throughout Livingstone. However, some only accept Visa! Keep this in mind If you are traveling with American Express or MasterCard.

Driving Conditions

In Zambia, vehicles drive on the left side of the road, it is illegal to turn left on a red light. Driving on Zambian roads can be hazardous, as most roads do not have shoulders or sidewalks

HIV/AIDS

The infections rate in Zambia is around 14%, which translates to one in every 8 people in the country being infected with HIV.

Religion

75% of Zambians are Christian, the majority are members of one of the hundreds of protestant churches. There is also a significant Muslim population

Treatment of Women

Women travelers in Zambia will generally not encounter gender related problems any more than they might in other parts of the world. However, be aware when it comes to evening entertainment, Zambia is a conservative, male dominated society. In bars where women are 'allowed', cultural conventions often dictate that you don't go in without a male companion

Water

Tap water is generally considered safe, but you may be better off drinking the bottled water provided in your hotel room, because local water is less processed and may be richer in mineral content than your stomach is used to.

Other Things To Know

Certain over-the-counter medication, such as the antihistamine Benadryl, may not be brought into the country without permission.

Any prescription medicine should be carried in the original container with a written prescription from your physician.

Helicopter Rides over the falls

Cost: \$175 for 15 Min/ \$340 for 30 min

An opportunity to witness the Zambezi river metamorphosis from a genteel and meandering river to turbulent raging rapids as the river, 1,7km wide at the Victoria Falls tumbles 120m before being compressed by a steep granite gorge a mere 40m wide.

Horse Trails

Cost: 2 Hours for \$80/ \$115 for ½ day

Riding into the teak forests and wilderness areas, crossing over rivers and camping out along the banks of the river is one of the better ways to enjoy the awesome beauty of this area

Gwembe Crocodile Farm

Cost: \$40

Livingstone Reptile Park boasts a collection of Livingstone's most notorious reptiles. Our crocodiles have been rescued from the Zambezi River where they were posing a danger to both humans and themselves. Gwembe Safaris were asked to capture these animals to prevent any further threat to people or their livestock. Had we not done so they could have been destroyed. Getting close to these animals never ceases to invoke feelings of fascination, respect and fear.

Canoeing

Cost \$116 for ½ day/ \$140 for full day

Canoeing Safari on the Upper Zambezi River, is a wonderfully relaxing way to enjoy the astonishingly beautiful scenery that lines the river before it takes its plunge over the Victoria Falls. This part of the river is dotted with many islands of varying size; home to many birds and small animals. This is the route David Livingstone took on his way in search of the rising clouds of mist. It was in fact along these banks that he remarked “scenes so lovely must have been gazed upon by angels in their flight”

Lion and Cheetah Walk

Cost: \$140

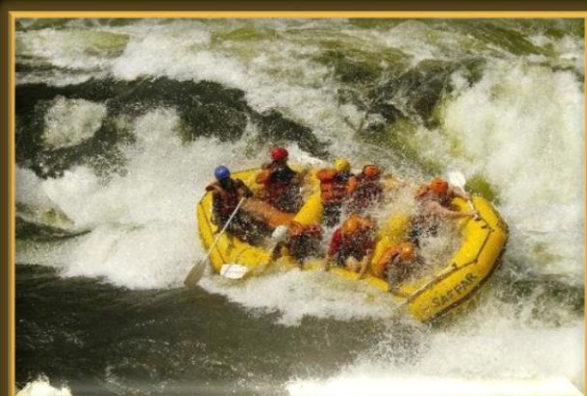

Lion & Cheetah Walking is a once in a lifetime activity. Accompanied by our guides and handlers, you will meet our young cubs in the bush, and watch as they learn, explore, play and generally just act as any lion cubs do! It's an opportunity to learn about the species as well as get some fantastic photos – and memories!

White Water Rafting

Cost: \$161 ½ day/ \$178 Full Day

Undisputedly one of the best one-day rafting trips in the world, the Zambezi is packed with white water action all the way. Rafting the Zambezi is a must on any trip to Zambia - we promise to give you the best value-for-money adrenaline trip in Livingstone.

Elephant Back Safaris

Cost: \$165

Bungee Jumping

Cost: \$160

The bungee jump platform is off the Victoria Falls Railway Bridge, in no-mans land between the borders of Zimbabwe and Zambia with the Victoria Falls as a backdrop. Here, participants will need their passport to jump!

This is arguably the best bungee jumping spot in the world. A great place to test the boundaries of fear and experience the true sense of safe recklessness as one plummets 111 meters towards the Zambezi River

	<div><div><p>Soweto consists of a community of extremes. On the one hand there is abject poverty and on the other hand there is extraordinary wealth in the upper class suburbs such as Diepkloof Extension and Selection Park. Some of the houses in that area sell for over one and two million rands. Today Soweto is the largest Black residential area in South Africa and has a population of more than 3.5 Million people with the land in extent of 120KM squared. The Hector Pieterse Memorial and Museum, situated in Orlando West, Soweto, commemorate the role of the country's students in the struggle against apartheid. The two commemorative sites are just a few blocks from where 12-year-old Hector Pieterse was shot in 1976.

On 16 June 1976, Soweto high school students took to the streets in a peaceful protest against the mandatory use of Afrikaans as a language of instruction in black secondary schools.

1:00 PM	Break For Lunch
2:00 PM	Depart for Apartheid Museum
	<p>The Apartheid Museum illustrates the rise and fall of South Africa's era of segregation and oppression, and is an absolute must-see. It's invaluable in understanding the inequalities and tensions that still exist today. FREQUENTLY ASKED QUESTIONS

There will be countless Q&As and meet and greets between now and departure to answer any question that may arise about this trip. Below you will find answers to questions about AAT and our approach to managing your trip.

HOW MUCH DOES THIS TRIP COST EXACTLY?

Good questions! Throughout this packet I'm sure you saw that certain excursions had an indication that they cost extra, which I'm sure just caused confusion.

To answer the question, with this trip you get:

- Round trip airfare via South Africa Airways
- 7 days/6 night's accommodation at the Protea Hotel Livingstone
- Transfers to/from the hotel in Livingstone
- Zambezi Dinner Cruise
- Cultural Tour of Chief Makuni Village
- Walking Tour of Livingstone and Livingstone Island
- The highly coveted AAT t-shirt!

HOW DO WE MAKE PAYMENTS?

There is a deposit of \$300 due February 29th , after **which** there is a manageable monthly payment of \$491.66 due the 15th of every month between March and September. After making your deposit, the monthly payments will be automatically withdrawn from your account.

WHAT HAPPENS IF I MISS A PAYMENT?

It happens to all of us! And we more than understand! If the automatic withdrawal fails on the 15th, we will try again each of the following 3 days (16th, 17th, and 18th). If we are not able to process a payment on any of those days, we will reach out to you and attempt to work out an arraignment to get you caught up! If one cannot be arraigned then you will be refunded based upon our refund policy.

WHAT'S THE REFUND POLICY?

The policy is simple and one I'm sure you will find quite agreeable!

- Your deposit is 100% refundable up until the day before the first monthly payment is due, which would be March 15th. After that, your deposit is non-refundable.
- Each payment received after March 15th is fully refundable up until the midway point, which is June 15th.
- After June 15th All payments made before that become non-refundable, all payments made afterwards and prior to the departure date are fully refundable
- After October 15th, the trip is non-refundable. If you are in need of a refund, you will need to consult your travel insurance.

HOW DO THESE ADD ONS WORK?

Even better question! In planning each trip to this point, it has become abundantly apparent that while everyone enjoys traveling in a group, everyone does not want to be forced to do EVERYTHING that the rest of the group is doing. For that reason, we approached the trip with the idea of creating one that is modular and highly customizable!

I say all that to say, the way it works is when you go to make your deposit, you will be presented with options for several add ons. If one happens to tickle your fancy, you can select it and it will be divided amongst your monthly payments. Your deposit will remain the same \$200, but your trip will be tailored made to suit your every expectation!

WHAT IF I DON'T HAVE SOMEONE TO BRING WITH ME? DO I HAVE TO SELECT A SINGLE OCCUPANCY ROOM?

While the option is there for you to get a single occupancy room if you choose, by no means do you have to select it if traveling alone. We understand that the extra money spent in getting your own room, takes away from the money available to you to splurge on the streets Livingstone. For that reason, we extend each traveler the option of having us pair you with a suitable roommate for no additional cost. Roommates are paired based upon the answers to their personality questions on their registration form, as well as their ages and even astrological signs. Prior to departing you will be given the contact information of your roommate, giving each of you the opportunity to get properly acquainted.

**WHAT IF I DO BRING A FRIEND? SEEMS LIKE IF I DO SOMETHING
YOU BY PROVIDING YOU BUSINESS, YOU SHOULD BE INCLINED
TO DO SOMETHING FOR ME!**

You're right! Can't even dispute it. For that very reason AAT has our 'Tell-A-Friend' discount. For every friend that you bring that wasn't already a member of AAT or has already gone on an AAT trip, you get \$50 given back to you once that friend has paid for their trip in full. There is no limit to the amount of friends you can bring! If you bring enough, you can find yourself getting paid to go on this trip.
