THINGS TO KNOW BEFORE YOU GO

About AAT

All Details Are Tentative!

Despite the countless hours invested into planning this trip, the circumstance may arise where we must make changes. For example, maybe we might find out that our hotel isn't up to AAT standard or maybe our airline may go belly up bankrupt (this has actually happened)! Whatever occurs we will do everything in our powers to ensure the trip goes on as planned. And if we do have to make a change, that change will result in you going on a trip that is equal or greater than the value of what you originally paid!

Traveling Alone?

While the option is there for you to get a single occupancy room if you choose, by no means do you have to select it if traveling alone. We understand that the extra money spent in getting your own room, takes away from the money available to you to splurge on the streets of Kenya.

For that reason, we extend each traveler the option of having us pair you with a suitable roommate for no additional cost. Roommates are paired based upon the answers to their personality questions on their registration form, as well as their ages and even astrological signs. At least 2 months before departure you will be given the contact information of your roommate, giving each of you the opportunity to get properly acquainted.

The "Tell-A-Friend" Discount

Do you know someone who may be interested in joining our trip but isn't a member of AAT? Here is your chance to save a little money while bringing them on a trip of a lifetime!

For every traveler that you refer to our trip, you can subtract \$50 from the cost of your trip. There is no limit to the amount of people you can bring if that person has not already traveled with AAT. Be sure to tell your friend to enter your name in the registration form under "How did you hear about this trip?"

Your \$50 discount will be put back on your card once you and your referral have paid in full.

The "Thank You to All Essential Workers" Discount

At the time of writing this, we are enduring what is certain to be labeled as the most challenging period of our lifetimes. While this situation has forced us all to make sacrifices, none of us has made a greater sacrifice than medical staff and first responders that have been tasked with being our lifesavers in the face of complete uncertainty. When this is all behind us, we will owe to it you for getting us to better days.

As a token of our appreciation we would like to extend to all our many customers that are first responders or work in Medicine a \$100 discount off any single trip you book in the year of 2020.

To claim your discount, simply indicate in our registration form your occupation and follow up by emailing us a work ID or any work credentials.

Your discount will be returned to you after all payments are collected!

IN DEPTH

Nairobi Day Tour
Elephant Orphanage

Get the chance to feed, play and interact with these beautiful creatures up close and personal. Best known for its Orphans' Project, the first and most successful elephant orphan rescue and rehabilitation program in the world. Not only working to protect elephants from its biggest threats to its survival due to ivory poaching, human-wildlife conflict and habitat destruction, but protecting the entire ecosystems and the diverse flora and fauna sustained in these places of stunning natural beauty.

Giraffe Orphanage

The orphanage began after discovering the sad plight of the Rothschild Giraffe. A subspecies of the giraffe found only in the grasslands of East Africa. Also known for being world-famous as a Nature Education Centre, educating thousands of Kenyan school children every year. While educating giving local and international visitors an opportunity to come into close contact with the world's tallest species, the giraffe.

Britam Skyscraper

Enjoy the view of Kenya from the top of Britam Tower that is the first skyscraper in Africa to feature in the top ten Emporis Skyscraper Award's list. It made its way to the tenth position among other outstanding skyscrapers in the world, the skyscraper has a maximum height of 195 metres.

Pokot Tribe

The Pokot do not live in villages. Each family group lives in a boma, a small clearing in the acacia woodland. In a typical boma there could be an extended family of over 20 people although most family groups are smaller than this. The huts of the married women are built in a circle inside a thick thorn hedge. The huts are arranged in order of seniority. Men and women wear adornments as signifiers of class, gender, or wealth. The Pokot are one of Kenya's last untouched tribes.

Njemps Tribe

Njemps live around Lake Baringo, in a place called Marigat. They speak Maa language and belong to the plain Nilotes linguistic group, like the Maasai, Samburu and Turkana communities. The Njemps have long practiced farming and fishing. They keep small herds of cattle, goats and sheep. They also gather honey from large tree trunks. Men traditionally also engaged in hunting game, to supplement their diet, but hunting is illegal in Kenya today. They make clothes and ornaments from leather, beads, brass, and copper among other items. Different clothes and ornaments are worn to indicate status among members of the community.

Luo Tribe

The Luo are the fourth largest ethnic group in Kenya. They speak 'Dholuo' which is part of the Nilotic language group. Known as 'Ramogi's descendants,' the Luo community are particularly known for their musical skills and instruments. All Luo leaders wore special regalia and had special items which portrayed their status including headdresses, a spear, special robes, a fly-whisk and a stool. Notable Luos include: the former Prime Minister of Kenya, Raila Odinga; the former president of the United States of America, Barack Obama

Maasai Tribe

The Maasai have always been special. Their bright red robes set them apart visually. Spear in hand, they are calm and courageous regardless of the danger. They are one of the very few tribes who have retained most of their traditions, lifestyle, and lore. In common with the wildlife with which they co-exist. Unlike many other tribes in Kenya, the Maasai are semi-nomadic and pastoral, they live by herding cattle and goats. Rivers and springs supply fresh water to more than 7 million people living in and around the port city of Mombasa, Kenya's second largest city.

Hot Air Balloon Safari

Feast your eyes on the golden sunrise, enchanting sceneries, plains-game below as the winds gently blows the basket deeper into the reserve. The pilot is on standby pointing out the wildlife below with plenty of photographic opportunities unfolding. The Mara is the northernmost part of the spectacular Serengeti-Mara ecosystem, home to the "Great Migration" and scores of other wildlife, including lions, cheetahs, elephants, rhinos, hippos, and crocodiles.

Masai Mara Game Drive

Game drives are designed to take you close to the wildlife rich spots in the Maasai Mara. This gives you an opportunity to view wild animals in their natural habitat as they go about their daily activities. As you drive into the wilderness, you will be captivated by the vast beauty of the savanna, with its rolling hills and infinite horizon. You most certainly will encounter the big five: lion, cheetah, rhino, leopard, and elephant, as well as numerous other wildlife animals and birds, with no fences or man-made barriers, wildlife can move freely throughout this area, constantly recreating an ageless natural cycle.

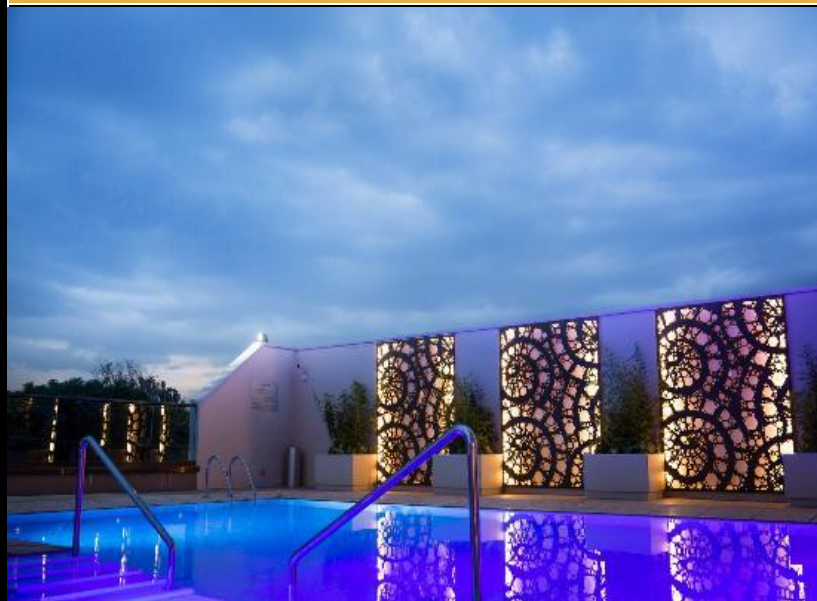

Mombasa Day Tour

Learn, eat, and meet history and locals of Mombasa, a melting pot of languages and cultures from all sides of the Indian Ocean. Mombasa has two ports, Mombasa Old Port on the island's east side and Kilindini Harbour on the west. The old port is now used only by dhows and small craft, bringing trade from Arabia, the Persian Gulf, and India. The old city is strongly Middle Eastern, with narrow streets, high houses with carved ornamental balconies, and mosques and temples.
